## Preface

Rashtriya Ayurveda Vidyapeeth (RAV), an autonomous organization under Ministry of AYUSH, Govt. of India was constituted in 1988 with an objective of revival of classical practical and textual knowledge of Ayurveda through ancient Gurukula method of learning. The targeted learners here are the fresh graduates and post graduates of Ayurveda still desirous of making themselves more proficient in classical Ayurvedic practices and principles. MRAY (Member of Rashtriya Ayurveda Vidyapeeth) and CRAV (Certificate of Rashtriya Ayurveda Vidyapeeth) are two such courses which have been started by RAV to fulfill the objectives of making Ayurvedic students more versed with classical practical and textual knowledge. So far about 791 and 71 students have completed their CRAV and MRAY respectively. In year 2015-16 about 110 students have completed their CRAV course and became eligible to get a certification of CRAV. In year 2016-17, about 148 students have been enrolled for CRAV course and are receiving the practical training in various disciplines of Ayurveda under the guidance of RAV empanelled scholars of Ayurveda throughout the country.

In view of underutilization of Ayurvedic classical methods of patient examination and subsequent treatment, RAV after perceiving the gap, has started a programme to train Ayurvedic teachers in classical diseases diagnostic methods. The focus here is on young faculties belonging to the clinical branches in order to make them proficient in such methods for its subsequent use in their clinical practice. So far, total 15 such diagnostic training programmes have been conducted at various places in the country. In year 2016-17 three such programmes were conducted at Indore, Udupi and Nadiad. Approximately 380 teachers have received training through these programmes so far.

To inculcate the culture of research and its publication among Ayurveda PG scholars, a new programme was designed and executed in year 2015-16. It was a three day training programme focusing upon 'Research methods, Manuscript writing and Career Opportunities' for Ayurveda PG students. Two such programmes were conducted in year 2016-17 at Hyderabad and Raipur respectively. These were highly appraised and 84 PG students were trained in these two programmes.

RAV also functions as a nodal agency to the central sector scheme for Continuing Medical Education (CME). After review of CME proposals, total 63 CMEs materialized during 2016-17.

RAV is also evolving many new mechanisms to strengthen its various activities of imparting training in Ayurveda. It is also continuously finding the gaps in existing system and explores the ways to fill these gaps. A regular monitoring of RAV activities is also being done through various feedback and midterm appraisal mechanisms. RAV is continuously striving to excel in its field. It is striving to emerge as a dedicated centre of excellence in the area of Ayurveda skill enhancement and capacity building. RAV is taking many new initiatives in this direction which are supposed to give fruits in future. The annual report for the year 2016-17 on the activities and achievements of the Vidyapeeth along with the audit report is being presented.

#### **4. FUNCTIONS OF THE VIDYAPEETH**

In furtherance of its objectives, the Vidyapeeth runs two types of courses under Guru Shishya Parampara namely CRAV and MRV. To run these courses, it empanels eminent scholars of ayurveda and vaidyas as Gurus and select shishyas having formal qualifications in Ayurveda desired for the courses. Besides this, Vidyapeeth also holds seminars/workshops, publishes literature and offers recognition/ felicitation to the eminent scholars of Ayurveda.

##### **4.1. GURU SHISHYA PARAMPARA**

Guru Shishya Parampara is the traditional residential method of education wherein the Shishya lives in the vicinity of his Guru and undertakes the studies in a one to one manner by accompanying the guru in his regular routine clinical work. This system vanished with the disappearance of Gurukula. RAV realized that in Ayurveda, this method of knowledge transfer had been very effective and hence the Vidyapeeth is making efforts to revive this system through its courses.

In institutional form of learning only relevant portions of the Samhitas (classical texts of Ayurveda) are being taught in the form of syllabus. On the contrary, the Guru Shishya Parampara programme of RAV provides the students to study whole text to get adequate knowledge of selected Samhita and its Teeka (commentary) and exposes them traditional skills of the Ayurvedic practices. The Shishyas get sufficient time for interaction with the guru and get a live demonstration upon the patients, herbs or formulations during the course of the study.

##### **4.1.1. Courses:**

###### **(A) Acharya Guru Shishya Parampara**

(Two-year course of Member of Rashtriya Ayurveda Vidyapeeth) (MRV)

This is an academic programme based upon literary research imparting the knowledge of Ayurvedic Samhitas and commentaries to participants. The main aim of this course is to prepare good teachers, research scholars and experts in Ayurveda Samhitas. The Shishya studies the Samhita, related to his/her specialization in PG course, under the guidance of the Guru for a period of 2 years. The Vidyapeeth started this course in 1992 with an objective of preparing the post graduate doctors as experts in classical texts of Ayurveda.

Candidates possessing adequate theoretical and practical knowledge and good understanding of Sanskrit are admitted to this course. At the end of the course they are required to submit a dissertation, which is regarded as a contribution of the Shishya. Though the Shishya studies the entire Samhita (text) under the expert guidance of Guru, he/she writes dissertation only on prescribed chapters/topics as suggested by Vidyapeeth in consultation with respective Guru in order to avoid duplication of the same work.

**(B) Chikitsak Guru Shishya Parampara**

(One-year course of Certificate of Rashtriya Ayurveda Vidyapeeth) (CRAV)

This course was started in February 1999. This course has the duration of one year for both Ayurvedic graduates and postgraduates. In this course, the candidates possessing Ayurvedacharya (BAMS) or equivalent degree/ PG in Ayurveda are selected for training under eminent practicing Vaidyas, who are empanelled as Chikitsak Gurus. During the course of study, the students learn the procedures like Nadi Pariksha, Aushadhi Nirman, Kshar Sutra, Panchakarma, treatment of diseases, Netra Chikitsa, Asthi Chikitsa pertaining to the Ayurvedic system. Every month, the trainees are required to prepare record of the patients they studied for its subsequent submission to RAV. The work done by the Shishyas like patient history sheets, monthly study reports etc. is examined in Vidyapeeth. Suggestions for improvement are communicated to the Shishyas through their respective Gurus.

Every year the Governing Body determines these fellowships on the basis of the bio-data of scholars. So far, 294 scholars have been awarded Fellow of Rashtriya Ayurveda Vidyapeeth (FRAV).

### **4.4. NATIONAL CONFERENCE/SEMINAR**

The Vidyapeeth conducts every year a Conference/Seminar on a topic that requires discussion and exchange of the views and dissemination of clinical experience on the diagnosis and treatment of the disease through Ayurveda. So far, 22 Conferences/Seminars have been conducted on different topics such as Ksharasutra, Heart diseases, Ayurvedic Education, Training and Development, Nadi Vigyan, Fast Acting Ayurvedic Medicines and Techniques, Shothahara Avam Jeevanu Nashak Ayurvedic medicines, AIDS, Thyroid disorders, Rasayana, Kidney and urinary disorders, Hepato-biliary & Splenic disorders, Diabetes Mellitus, Mental Health, Vatavyadhi, Obesity, Reproductive Health of Women, Preventive cardiology, Skin diseases, Cancer (2), Autoimmune disorders and Basti Karma.

### **4.5 NATIONAL INTERACTIVE WORKSHOPS BETWEEN P.G. STUDENTS & TEACHERS OF AYURVEDA**

It is the common experience of students, junior teachers and young doctors, who in the beginning of their professional career come across certain points of topics/subjects in texts, which may require clarification/explanation, interpretation and scientific understanding. In some of the colleges, where the faculty is deficient of experienced and qualified staff, the

students constantly make efforts to understand the concepts of Ayurveda and their practical utility.

It is frequently raised and argued by the students that some of the topics that cannot be explained in terms of present scientific understanding may be deleted from the syllabus/texts, as these are not relevant in the present context.

But before entering into such conclusion it is felt necessary that interactive session should take place between students and eminent scholars and experienced Vaidyas, where there could be an opportunity to discuss such points of doubt. It is observed that the routine seminars of specific subject/topic limit the discussion to that topic and many times fail to clarify the doubts of students and participants for lack of time. In the fields of learning involving study of ancient texts and applying them in day-to-day practice in order to promote health care of the people, there is every possibility of queries in the professionals regarding the applicability of ancient thoughts in the present day understanding.

Questions are invited from students on selected topics from the Samhitas, Nighantus, Chikitsa Granthas and other texts of Ayurveda, on which they require clarification. On receipt of the questions from the students, these are sent to those Ayurvedic scholars (resource persons) who have sound knowledge of that subject, and who can clarify their doubts. The questions and answers are compiled in the form of a book and distributed in the workshop for scientific discussion. The questioners and experts are invited to participate in the workshop.

So far, RAV has conducted 24 such Interactive Workshops and released books of Questions and Answers discussed in the workshop.

#### **4.6 NATIONAL TRAINING PROGRAMME FOR AYURVEDA TEACHERS ON SAMHITA BASED CLINICALDIAGNOSIS**

In a survey of Ayurveda Institutes conducted by RAV and AYUSH to assess the standards of Ayurveda Education and Educational Institute in the year 2012, it was observed that the information such as Dashavidha Pariksha, Srotas Parikshan etc. was lacking in Clinical case records at many institutes. The art of clinical diagnosis based on Samhitas and classical methodology described in Ayurveda is disappearing. Many teachers as well as PG students showed their interest in learning this art of Ayurvedic Diagnostic methods.

In view of above, a novel training programme has been initiated by RAV during the year 2013-14 for providing practical demonstration of Samhita (text)-based clinical methods of examination by eminent scholars in the field.

Ayurveda is indigenous medicine of our country and it is practiced in India for several centuries. There are number of treatment procedures, therapies and medicines in public domain. Many practitioners, either gained knowledge traditionally from their forefathers or out of their own experience, are practicing Ayurveda and benefitting the local populations. The knowledge and skills possessed by them in patient care should be transmitted to present young doctors. Further, the knowledge of Ayurveda is required to be interpreted as per the concepts of Ayurveda in diagnosis and treatment. In year 2016-17 three such programmes were conducted at Indore, Udupi and Nadiad.

## 4.7 NATIONAL TRAINING PROGRAMME FOR AYURVEDA PG SCHOLARS ON RESEARCH METHODOLOGY, MANUSCRIPT WRITING AND CAREER OPPORTUNITIES

This is a common observation that ayurveda has a minimal share in the global scientific literature. Despite of large number of PG and PhDs being produced in ayurveda every year, the number of published research remains minimal. The reason is poorly conducted research in Ayurveda which do not possess a merit of publication. This was also observed that the poor research conduction in ayurveda is basically an outcome of poor acquaintance of research methods by the ayurveda PG students. RAV has realized this gap recently and has designed a specific program for Ayurveda PG scholars focusing upon Research Methods, manuscript writing and also the guidance upon career opportunities. In year 2016-17 two such programmes were conducted at Hyderabad and Raipur.

## 4.8 PUBLICATIONS

The Vidyapeeth has been publishing certain books of Ayurveda, which cater to general public in creating awareness and also useful to students and professionals of Ayurveda and allied sciences. The Vidyapeeth also publishes the theses of its students after necessary review and recommendation by the Expert Committee and approval by the Governing Body. RAV has so far published 22 souvenirs and 10 books including, four based on theses submitted by its students of two-year course. Twenty four question-answer books pertaining to interactive workshops were also published by the Vidyapeeth.

### **5.3. NATIONAL TRAINING PROGRAMME FOR AYURVEDA PG SCHOLARS ON RESEARCH METHODOLOGY, MANUSCRIPT WRITING AND CAREER OPPORTUNITIES**

RAV observed that the poor research conduction in ayurveda is basically an outcome of poor acquaintance of research methods by the ayurveda PG students and has designed a specific program for Ayurveda PG scholars focusing upon Research Methods, manuscript writing and also the guidance upon career opportunities. In year 2016-17 two such programmes were conducted at Hyderabad and Raipur.

These were the three day training programmes involving senior faculties of ayurveda and allied disciplines who are highly proficient in research. Participants are invited from Ayurveda PG Colleges from whole of the country. This was seen that these training programmes were highly appraised and demanded by Ayurveda PG scholars. So far 206 Ayurveda PG students have been trained in these programmes.

RAV had conducted these training programmes in following places for ayurveda PG scholars on research methodology, manuscript writing and career opportunities.

Sl. No.	Place	Duration
1.	Hyderabad	06 <sup>th</sup> - 08 <sup>th</sup> September, 2016
2.	Raipur	17 <sup>th</sup> - 19 <sup>th</sup> October, 2016

#### 5.4 National training programme for Ayurveda teachers on Samhita based clinical diagnosis:

A novel training programme has been initiated by RAV during the year 2013-14 for providing practical demonstration of Samhita (text)-based clinical methods of examination by eminent scholars in the field, because, it was observed that the information such as Dashavidha Pariksha, Srotas Parikshan etc. was lacking in Clinical case records at many institutes. The art of clinical diagnosis based on Samhitas and classical methodology described in Ayurveda is disappearing. Many teachers showed their interest in learning this art of Ayurvedic Diagnostic methods.

Hence, in order to promote the practice of art of clinical diagnosis based on texts of Ayurveda and classical methodology described in Ayurveda, RAV had conducted following three training programmes for teachers of medicine, pathology and Panchakarma of Ayurveda:-

Sl. No.	Place	Duration
1.	Indore	03 <sup>rd</sup> - 04 <sup>th</sup> March, 2017
2.	Udupi	10 <sup>th</sup> - 11 <sup>th</sup> March, 2017
3.	Nadiad	17 <sup>th</sup> - 18 <sup>th</sup> March, 2017

Eminent scholars have delivered lectures and conducted practical sessions. So far 377 teachers had been benefitted through these training programmes.
